Mr. Seidman has misapprehended what the Davenport committee proposes to do. He speaks of two methods of taxation now employed in the bublic utility corporations and tax them on a different basis from the state of New York, namely, the taxation of personal income and the taxa-tion of corporations by means of the Convalencent Relief Division, Belle-vue Hospital.

Sew York, February 3.

In the Garden.

In the Mark Communities the franchise tax on public utility corporations is to be eliminated, which to his mind indicates that the committee proposes to free this particular class of corporations from taxation. This is not the case. Senator Davenport says:

"At present the public utility corpo-rations have levied upon them a hodge

the title role. The highly impassioned Willem Mengelberg conducted the and melodious style of the popular

Destroying all its lovely charm and works out more fairly and justly for the public as well as for the utility corporations. As a matter of fact the struggle of these corporations in the courts to prevent the present tangled and unjust system from affecting them too unfavorably has been very expen-

disinterested citizen who has devoted some time to the study of taxation I protest against the proposal of the Day.

on of personal incomes, (b) taxation of personal incomes, (b) taxation or arcse of taxing the monopoly which a public service corporation endise tax.

It can readily be seen that the eliminous discontinuous disco rations is certainly worth paying for.

As among corporations themselves the public service corporation ought to be asked to pay a greater tax than the ordinary corporation, in view of the fact of the public service corporation, in view of the fact of the public service corporation, in view of the fact of the public service corporation, in view of the fact of the public service corporation, in view of the fact of the public service corporation ought to be also be a service, but they can be a service as a service of the consumers of the consumers of the public service corporation ought to be a sked to pay a greater tax than the service, but they then the service corporation of the fact of the fact of the consumers of the consumers of the public service corporation ought to be asked to pay a greater tax than the service corporation, in view of the fact o

to the height of their profits. So this sort of public utility corporation under present conditions has piactically become only a tax collector.

"Another kind of public utility, like the description on the basis of net income instead of gross earnings; but to eliminate the tax entirely would make it unfair to the State and the rest of the taxpaying public.

Mr. Seidman has misapprehended what the Davenport committee proposes to do. He speaks of two methods.

To the height of their profits. So this story of public utility corporation under present conditions has piactically become and the sort of public utility corporations under present conditions has piactically become only a tax collector.

"Another kind of public utility, like the electric railway, in our State is income instead of gross earnings; but to eliminate the tax entirely would make it unfair to the State and the rest of the taxpaying public.

JACOB S. SEIDMAN.

NEW YORK, January 27.

Mr. Seidman has misapprehended what the Davenport committee proposes to do. He speaks of two methods what the Davenport committee proposes to do. He speaks of two methods what the proposes to do. He speaks of two methods are the proposed to the state of the public utility corporations and to the missing profits. So this state is the first time last evening obtained a some present conditions has piactically become and the state of the great an easure of it was confined to the work of the chorus and the minor sharing its rates of charge pretty definitely determined by some contraction of the state of the work of the chorus and the minor sharing its rates of charge pretty definitely determined by some contraction of the work of the chorus and the minor sharing its rates of charge pretty definitely determined by some contraction of the work of the chorus and the minor sharing its rates of charge pretty definitely determined by some contraction of the work of the work of the chorus and the first time last evening obtained as some present conditions has practically because

public utility corporations and tax them on a different basis from the franchise basis in order to bring revenue to the State and justice to the corporations."

In was a bold, sad respect and same his music in the manner which he has made familith to this public, Mmc, Claessens was tolerable as Carmela. Mr. Climini conducted.
